## Custom Apparel & Manufacture Solutions

UNIFORMS • CORPORATE WEAR • SPORTSWEAR • COMMUNITY

Supply by NGNY has evolved out of Ngakkan Nyaagu | NGNY. Over the course of brand and design delivery for clients combined with John Saulo's (Co-founder of NGNY) experience and know-how in the retail sector and producing custom clothing, NGNY were able to deliver short run custom clothing solutions to select NGNY clients.

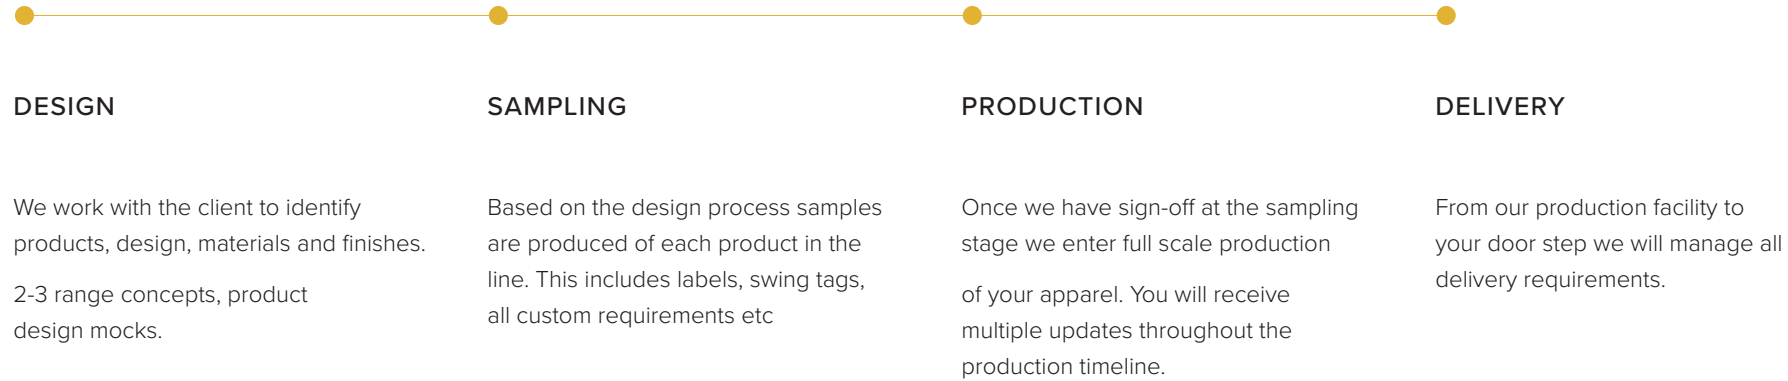

We recognised there was an opportunity to provide this as a stand alone service and partnered with Beau Saywell who is a co-founder of streetwear label Geedup, who brings 10+ yrs experience manufacturing in China and building brands.

Supply by NGNY is the culmination of a shared vision to provide a cost effective, bespoke solution for businesses and organisations who are wanting to see their branded identity come to life in the form of apparel.

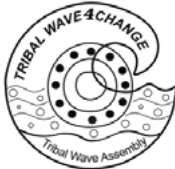

## The four key stages to our process

This is an example of the four stages in the timeline from design to delivery of your custom apparel.
